40 Hopefuls Seek Blue Devil Spots

Coach Web Pell issued pads to 40 Pahokee High Blue Devil hopefuls Friday afternoon when the squad settled down to the hard work of scrimmage in preparation for the opening game on Sept. 20.

Coach Pell, working with the backfield, and Coach Bill Howard, shaping the line, have little tested material in this year's lineup. Back Richard Weeks, a member of the 1956 All-Suncoast Conference team, is the only regular first stringer returning to the squad, however, there are three other letter men on the squad, Don Thompson and Dale Stacy, tackles, and Richard Shackford, quarterback.

This year's Blue Devil team will be small and young but probably a little faster than last year's aggregation, according to Pell, who says his squad, though inexperienced, has plenty of spirit. Four boys are striving for the important quarterback slot, Richard Shackford, George McElhenry, Bobby Mobley and Henry Holt, and competition for other positions on the team is equally as keen, the Pahokee coach said.

The Blue Devils will play two games outside the Suncoast Conference, the opener against Bartow to be played there the night of Sept. 20 and at Okeechobee Oct. 25.

Scout Workers To Plan Camporee

A meeting of all Boy Scout committeemen and leaders of the Glades District of the Gulf Stream Council, BSA, has been called by Jimmy Batchelor of Pahokee, camping and outdoors chairman of the Glades District, the meeting to be held in the offices of the Florida Power and Light Company at Belle Glade Sunday, Sept. 8, at 2 p. m.

The purpose of the meeting is to make plans for the annual Glades District Camporee. Mr. Batchelor, who also serves Scouting as advancements chairman for Pahokee Troop 628 and works side by side with the Scouts on special public service projects such as the development of Boy Scout Beach in Pahokee, says every effort will be made to make this year's district camporee even bigger and better than last year's successful event which was attended by 30 adults and 92 Scouts.

In addition to committeemen and leaders, all persons interested in Boy Scouting are invited by Mr. Batchelor to attend the call meeting.

New Market Rule Now On Peanuts

The Congress recently enacted and the President has approved Public Law 127 which excludes from the allotment and marketing quota provisions peanuts which are marketed by the producer for consumption as boiled peanuts. This is effective for the 1957, 1958, and 1959 crops.

Where the entire production of peanuts on the farm is to be marketed as green peanuts the harvested peanuts will not be affected by the allotment and marketing quota provision.

Mrs. Burdeshaw Receives Award

Mrs. Price Burdeshaw, assistant superintendent and teacher in the Primary Department of the Pahokee First Baptist Sunday School, was presented with a special pin this week in recognition of nine years of perfect attendance at the school. The presentation was made by Mrs. R. S. Douthit, department superintendent, who congratulated Mrs. Burdeshaw for her outstanding record of continuous and devoted service to the church and its school.

Canal Pt. Baptist Revival Planned

Members of the Canal Point Baptist church are planning a fall revival to start on Sunday night, October 20, with Rev. Hoke Shirley of Orlando doing the preaching. Rev. Shirley is a former pastor of Pahokee First Baptist Church and at present is interim pastor of a church in Orlando. He has been retired for several years. Mrs. Shirley will accompany him to Canal Point.

Excellent music is planned for revival under the direction of Mr. and Mrs. Martin Bradley, son-in-law and daughter of the pastor, Rev. and Mrs. Charles D. Stewart. Present plans call for Mrs. Bradley to be at the piano at night and the regular pianist, Mrs. Paul Rardin to play at the morning meetings. Singing will be under the direction of Mr. Bradley.

The church building is being brightened up for the coming revival and will present an attractive appearance to those in attendance. Recently new lights were installed which "make all the difference in the world" in the lighting of the interior of the auditorium.

Canal Point School Has New Gridders

The boys' physical education department at the Canal Point School will again this year be under the direction of Principal Crawford.

Eight boys from the Canal Point School have joined the Pahokee Junior High football squad and are reporting for practice at Lair field daily from 3:40 to 6 p. m. Included in this group are two eighth graders, Jimmy Cayton and Johnny Thompson, and six seventh graders, James Veal, W. L. Thompson, Gene Stacy, Freddy Martin, Roy Goodson and Mike Maxson.

The Pahokee Junior High football team is being coached by Leiland Keene, with Mr. Crawford assisting.

"Take It Easy" In The School Zones

"Take it easy in the school zones," is the advice of Police Chief Leon Guthrie in Pahokee. "We haven't had a serious accident and we want to keep that record clear," he concluded.

The police department in Pahokee is ever alert to the needs of the school youngsters and daily at noon and dismissal time in the afternoon you will see either the Chief of the department or one of his patrolmen in the zones, reminding motorists to "slow down."

746 Students Have Enrolled Pahokee

A total of 725 students were enrolled in Pahokee Schools on Friday, the first day of school, 15 more than on the first day last year and 50 more were expected to register on Tuesday following the Labor Day holiday weekend, according to Principal Brooks Henderson.

The enrollment in the elementary school was 379, with 79 pupils in the first grade; 49, second; 62, third; 58, fourth; 53, fifth, and 78, sixth grade. The 178 students in junior high school included 53 in the seventh grade; 48, eighth, and 77, ninth grade. In the senior high school there were 65 students in the tenth grade, 57 in the eleventh, and 46 in the twelfth grade for a total of 168.

Twenty-one more students registered at Pahokee Schools following the Labor Day weekend, increasing the total enrollment on Wednesday to 746, Principal Henderson reported.

Local Library Has Been Modernized

The Canal Point School Library was completely remodeled during the summer. The County Board of Public Instruction had new book shelves and a new charge desk installed and furnished other equipment necessary to completely modernize the library, according to Principal Carl Crawford.

Members of the school faculty have started the work of re-classifying and filing the library books, magazines and other audio-visual aids, supplies and equipment for use by the school children. It is estimated that at least 10,000 cards will have to be filled out for the crossindexing of the library's 1,500 books. When this work is completed the Canal Point School will have the finest elementary school library in its history, Mr. Crawford said.

Powell Building Officially Open

The handsome new Powell building in Pahokee is now occupied by Mrs. Ora W. Powell's Everglades Insurance Agency, Sue's Dress Shop and the Life Insurance Company of Georgia. The beautiful new building was completed last week and the tenants made their move to add more attractive business houses to that ever-growing section of Beacon Point Road.

Mrs. Powell, owner of the building, is a pioneer business woman of the Glades, having established her agency back in 1931. She has enjoyed a splendid patronage through the years and at the same time has rendered an outstanding and efficient service to her hundreds of customers.

Everglades Insurance Agency, headed by Mrs. Powell as president, also has her daughter, Miss Margaret Powell, Delray Beach music instructor, and C. E. (Bill) Williams, a son, as officials of the company. Miss Margaret is vice president and Bill is secretary-treasurer of the concern.

Wiley Tillis of Pahokee was general contractor for the fine new building and he did an outstanding and wonderful job of bringing into being another handsome structure for Pahokee.

Four Major Jobs On Glades Schools

Architectural plans are being prepared for four major School improvement projects in the Glades by the Palm Beach County School Board, including a new gymnasium for Pahokee.

After approval by the County School Board, preliminary plans go to the State Board of Education in Tallahassee for recommendations and approval.

Final plans are then drawn by the local architect, taking into account such recommendations of the state department as are approved by the local school board. These final plans must clear the state dept. before bids can be advertised and contracts let.

1. Pahokee, new gym and music building. Preliminary plans approved May 6.

2. East Lake School (Negro) Addition. Plans approved July 18.

3. Pahokee school, cafeteria addition. Preliminary plans approved July 26.

4. Lake Shore High School (Negro) Belle Glade. Gym, music room, and industrial arts addition. Preliminary plans with certain reservation approved Aug. 15.

156 Students For Canal Point School

Students registered at the Canal Point School Friday totaled 156 as compared to an enrollment of 144 on the first day of school last year, according to Principal Carl Crawford.

The enrollment by grades: First grade, 24; second, 26; third, 19; fourth, 18; fifth, 15; sixth, 23; seventh, 18; eighth, 19.

Cinematic Chatter

By Malcolm Miller

Hello everybody! At 22, Pat Boone, the nation's singing sensation, has added a new dimension to his career which already encompasses radio, television and records. He is now in the movies . . . and it looks like he is solidly rooted there. When Pat met Bing Crosby, who has always been his idol, for the first time in Hollywood, Bing asked him his age and when informed it was 22, Bing said: "Keep going the way you are and you'll be okay. You are away out ahead of what I was when I was 22." In a recent interview Bing stated young Pat Boone was the best of the young singers today. As far as the world is concerned Pat is away out ahead, but he has his mind set on at least one more goal—a B. S. degree from Columbia University in New York. He is a straight "A" junior, majoring in English and speech, and hopes to make Phi Beta Kappa. After he graduates, Pat expects to take a year off and then begin studying for his Master's Degree. He is a far seeing young man and regards his singing as a sideline. "I might be a doctor, or a minister or maybe a teacher," he explained, "You can't tell how long this will last." Pat has his wife, Shirley, and three young daughters to consider, and he wants to be sure of their future. He's already planning a home in Beverly Hills. See you at the movies—Mal.

DR. VAN IS MARRIED

Dr. W. E. Van Landingham, Palm Beach County physician, and Miss Florence Groiss, both of West Palm Beach, were married in Atlanta Wednesday at the First Presbyterian church. The ceremony was performed by Dr. Harry A. Fifield.

Northeast Airlines recently made its inaugural flight out of Tampa to begin a non-stop service to New York.

State Schools In Peaceful Opening

TALLAHASSEE—Florida's public schools opened for the new fall term Tuesday on the traditional segregated pattern with no reported efforts by Negroes to enroll in White schools.

State School Supt. Thomas D. Bailey said "there has not been one semblance of trouble anywhere in the state."

Thanks to a substantial teacher pay boost voted by the 1937 Legislature, Bailey said an adequate teacher supply was reported in nearly all counties, but that the classroom pinch continued as enrollments hit record levels.

The State Dept. of Education has estimated that slightly over 900,000 pupils will attend Florida schools this year.

Bailey said the absence in Florida of the racial troubles which plagued some of the other Southern States with opening of the new school term was due to the manner in which the state has handled its problems.

The atmosphere in Florida has not been one of rabble rousing," he said. "It has been one of stability in dealing with these problems. There has been no encouragement of super-aggressiveness."

The courts have not yet ruled squarely on Florida's 1936 pupil assignment law which requires county school boards to assign pupils to schools for which they are considered best suited.

The pupil assignment law has been challenged in Dade County, and in July, the Fifth Circuit Court of Appeals ruled that the Federal district court in Miami must hear the complaint by a group of Negroes seeking to enter Dade County White schools. The appellate court said the lower federal court at Miami erred in dismissing the complaint.

The Negroes filed a class action alleging "irreparable injury and

deprivation of their constitutional rights" by the Dade County board of public instruction and the superintendent of public schools.

They asked that they be admitted to the county schools without racial segregation.

Last week, the attorney for the Dade school board filed a motion for a rehearing of the circuit court of appeals ruling.

Bailey said that the teacher supply in Florida was the best in the last five years even with the greatly increased enrollments, some west Florida counties which have in the past turned up with a shortage on opening day have this year been able to screen the applicants.

While a school construction program to cost 46 million dollars in state and local funds has been authorized, Bailey said it would be a year at least before the school building program would make itself felt.

"Even then there won't be enough classrooms to go around," he said. "It will be necessary for some of the counties to issue bonds before they can provide enough buildings."

Island Flooding Will Prove Costly

TALLAHASSEE—The cabinet Tuesday decided to buy \$154,000 worth of land in the upper St. Johns River valley Tuesday in order of islands in Lake Okeechobee.

Tuesday's decision climaxed months of debate over the two projects of the Central and Southern Flood Control District for which some \$550,000 was held from the past biennium.

Island land owners have asked the state to pay two million dollars in flowage easements for their lands which will become lake bottom when the water level is raised by a new dike on the west edge of the lake. The flood control district said however, the lands would not be flooded until late 1960.

Officials of the flood district contended that the projects in the St. Johns River valley should be completed before one in Lake Okeechobee.

They claim the Army Corps of Engineers has gone further in planning and reports with the river project and land for them should be purchased now while it is in the hands of large property owners.

In some cases, they said, lands has been donated to the water conservation project. But they are afraid if the state does not buy up the rest of the needed acres, the people who donated the land will take it back.

In buying the river valley land, the cabinet ordered the flood control district to go ahead with plans to settle the island flowage easements as soon as possible.

Agriculture Commissioner Nathan Mayo said he thought the matter should be settled now, but agreed that the price asked by the island owners was "way out of line."

There will be approximately \$500,000 left in the fund when the St. Johns land is bought, and the state has offered island owners \$200,000 as a flowage easement.

Now You Can Own A Part Of Historic Plymouth

PLYMOUTH, MASS.—Sturdy little Mayflower II has now beat her way out of the doldrums and picked up the Northeast Trade Winds which will soon bring her into this historic port. Here her namesake first dropped anchor 337 years ago. The voyage has captured the imagination of millions all over the world.

Plymouth, a town with a normal population of about 14,000, anticipates a half million visitors within two weeks of the Mayflower's arrival date, and four million more between now and Thanksgiving Day. More than three thousand vessels, both large and small, are expected to sail out to Provincetown to meet and escort Mayflower II into Gurnet Light, which marks the entrance to Plymouth Harbor.

What most people don't know is the fact that for a single dollar they can now legally own a piece of the ancient, historic land of their Plymouth forefathers. John Caldwell, head of the Plymouth Ancestors Company of Plymouth, Mass., originated the idea of selling an undivided interest in an undivided inch of the town.

of land within the limits of what is fast becoming America's most famous town. Real estate dealers are booming for the hill-top tract that lies within walking distance of Plymouth Rock itself. With every one inch plot comes a legal deed complete with notarization and printed seal, together with a replica of an old Plymouth Plantation map.

Caldwell is working on a first-come-first-served basis. Orders are being processed as fast as facilities permit. He's trying to mail out deeds within 48 hours of the time letters arrive at the Plymouth Post Office. He hopes his land holds out. Each piece of this old Plymouth property is only an inch square but thousands feel that it's well worth the price.

Mr. and Mrs. George Ramey and Mrs. Ramey's sister, Miss Awanda Williamson of West Hartford, Conn., spent the weekend, Saturday through Tuesday, at Prairie

Greek. They had as guests there on Tuesday her brother and sister-in-law, Mr. and Mrs. Philo B. Williamson, and Mrs. Williamson's mother, Mrs. Lizzie Kirkey, of Canal Point.

Pick your savings target and shoot straight for it!

A home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their publicistic donation, the Advertising Council and

PERSONAL NEWS NOTES

Mr. and Mrs. W. V. (Bill) Unwin returned Monday from a three weeks' wedding trip during which they visited relatives and friends in North Carolina, Tennessee, Georgia and North Florida.

Mr. and Mrs. Robert J. Schroder will return this weekend from a two week's vacation spent in Texas and Arizona.

Mr. and Mrs. Inman W. Weeks plan to leave this weekend for a vacation in North Carolina through September.

Sgt. Jimmy Schuetler, USAF, visited his father, Dr. Gordon H. Schuetler, in Pahokee Friday while enroute from MacDill Air Force Field to Miami.

Bill Easterly spent the weekend in LaBelle and Fort Myers on business and visited his father while in LaBelle.

Mr. and Mrs. George Prange and children of Fort Mayaca were visitors at Vero Beach through the Labor Day weekend.

Mr. and Mrs. C. W. Ammons had as guests Sunday her sisters, Mrs. T. C. Hornsby and son, Tommy, of Wauchula; Mrs. Noel Dyer of West Palm Beach and Mrs. John Kirk, Jr., and son, John, III, of Lake Worth; also Mrs. John Kirk, Sr. and son of West Palm Beach.

Mrs. C. W. Ammons and daughter, Miss Martha Gail Ammons plan to attend the wedding of Mrs. Ammon's nephew, W. R. Osborne, at Lakeland Sunday, Sept. 8.

Mrs. Albert Fremd of Canal Point is a surgical patient at St. Mary's Hospital in West Palm Beach.

Miss Awanda Williamson will return to her home in West Hartford, Conn., this weekend after a three weeks' visit with her sister, Mrs. George Ramey, and brother, Phil Williamson, and families here.

Mrs. Ollie Adams visited her sister in Tampa Tuesday.

Miss Sue Chastain returned to Rosarian Academy Monday for her second year.

Mr. and Mrs. Lester Duncan left Tuesday for several weeks in Gainesville. Mrs. Duncan will visit her mother Mrs. S. H. Thornton in Jackson, Georgia.

Mr. and Mrs. Rupert Mock and family and Mr. and Mrs. Lewis Friend and family have returned to their homes after a month spent at Ft. Myers Beach.

Mr. and Mrs. M. D. Geiger were week end visitors at Juno Beach.

Rev. and Mrs. J. R. Heller and children of Riviera Beach and Mrs. Kenneth Johnson and children of Clewiston were guests of Mrs. C. B. Jones and Alton Monday.

Mr. and Mrs. Earl Smith and daughter of Fort Lauderdale were the week end guests of Mr. and Mrs. Earl Maxson.

Mrs. Paul Rardin returned to her home in Canal Point Monday after spending several weeks with her mother, Mrs. W. O. Strickland in Glenville, Ga.

Mr. and Mrs. Elsworth Keen and family returned the past week-end to their home in Pahokee from Ridgcrest, N. C. where they spent the summer.

Mrs. C. S. Davis and son, David, have returned to their home in Pahokee after spending the summer in the Carolinas.

Mr. and Mrs. Earl Crossman and family, who returned recently from a vacation spent at Fort Myers Beach, are planning to move from Pahokee to Fort Lauderdale where Mr. Crossman will be working during the coming season.

Mrs. Daniel Harrell and sons have returned from Hendersonville, N. C., where they spent the summer. Mr. Harrell will join his family here when the vegetable deal at Hendersonville is completed.

Mr. and Mrs. Leo Wroten have returned to Pahokee from St. Cloud, Fla., where they were called recently by the death of Mrs. Wroten's sister, Mrs. George Startzar, 63, who died at her home there after a short illness.

Mrs. James Barnes and children of Tampa spent the past week in Pahokee visiting her parents, Mr. and Mrs. R. R. Henderson, and her husband's parents, Mr. and Mrs. Homer Barnes. T-Sgt. Barnes, USAF, joined his family here for the Labor Day weekend.

The Rev. and Mrs. Charles D. Stewart of Canal Point were called to Franklin, Ga., the past week by the serious illness and death of her mother, Mrs. J. R. Norris.

Dow McClelland, who graduated from Grady Memorial Hospital School of X-ray Technology in Atlanta on Aug. 1, has been visiting his parents, Mr. and Mrs. L. V. McClelland, here before enrolling this week at the Davis Institute of Technology in Miami for further study.

Mrs. J. E. Williams and daughter, Velma, are guests the past weekend of her son-in-law and daughter, Mr. and Mrs. John Nelson, at St. Augustine.

Danny Mullis, who recently was released from the U. S. Air Force at the Keesler Air Force Base, Biloxi, Miss., after four years in the Service, is visiting his parents, Mr. and Mrs. L. M. Mullis, in Pahokee and is enrolling for the fall semester at Palm Beach Junior College.

Gas From Mexico To Cuba To Florida

HAVANA, CUBA—Organization of a Cuban company to carry out the hitherto unheard of project of piping natural gas from Mexico to Havana and thence to Florida, has been announced.

The company is the Cuban Gas Transmission Company, conceived by Edwin Pauley, Los Angeles oil man and former treasurer of the National Democratic Committee.

The plan, in capsule form, calls for a "submarine" pipeline from Mexican oil fields to run under water between the Yucatan peninsula and Cuba and through 150 miles of Cuban soil into Havana. It would then be continued to Florida.

Another natural gas pipeline, which will run 1,000 miles under ground from Texas, has already been promised for Florida. This line is scheduled for completion in 1958 and is estimated to cost \$200 million in comparison to the \$35 million initial capitalization of the Pauley natural gas plan.

Florida Development Commission officials in Tallahassee promised they would keep close tab on the Pauley plan as they are intensely interested in seeing natural gas piped to Florida to aid industrial development.

Chances Slim For Flood Control Cash

TALLAHASSEE—State Budget Director Harry Smith says that chances look slim for the Federal Government getting the full amount of flood control money it has asked Congress to provide for work being done in the Central and South Florida Flood Control District. Smith gave his opinion to the state cabinet board of conservation as the board decided to query the trustees of the flood control district concerning the status of the federal matching funds.

The state has appropriated \$3,500,000 for its share of the flood control work and recently put up \$299,000 as its share of the costs of constructing two levees in Palm Beach County.

Vacation-bound travelers are taking advantage of low summer prices in Cuba. Cubana Airlines is offering a round-trip from Miami to Havana for \$36 plus tax in new Vickers Viscounts planes.

Gov. Collins Says Cramer's Blast Is "Demagoguery"

TALLAHASSEE — Gov. LeRoy Collins Wednesday branded as "sheer demagoguery" a Labor Day address in which Rep. Cramer (R-Fla.) criticized Collins for opposing the interposition resolution adopted by the 1957 Legislature.

"I have denied that we as a state can lawfully declare that any decision of the U. S. Supreme Court is null and void within our boundaries," Collins said in a statement. "And this is what the anarchistic doctrine of interposition purports to do."

In transmitting the resolution which said Florida ignored the court's school integration order, to President Eisenhower, members of Congress and the Supreme Court, Collins wrote:

"Under our rules and laws, a resolution of this nature is not subject to approving or disapproving action by the governor; nor does it have the force and effect of law. I have nevertheless made it clear that I oppose this action to the extent that the same defies the authority of the U. S. Supreme Court."

Cramer, Florida's only Republican congressman, speaking at Duncannon, said he was "deeply disturbed that the governor opposed this resolution."

He said "for one do not think any governor would be justified in repudiating this resolution."

"This smacks of a dictator and I am afraid a purely politically ambitious stand on a highly important phase of the rights of the people in each state," Cramer said.

Collins said Cramer's talk was "flagrant misrepresentation."

He said "I have freely joined in criticizing the propriety and constitutional soundness of decisions of the U. S. Supreme Court."

CLASSIFIED ADS PAY BIG DIVIDENDS

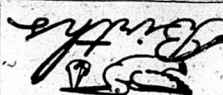

It Is Unlawful For Any Person Or Persons To Engage In Business Under A Fictitious Name Unless The Name Is Registered

The fictitious name statute was recently changed by the 1951 Legislature and the News has the necessary forms for proper registration and advertising.

The charge for advertising the notice the necessary four times is \$15.

As amended by the 1951 session, the law reads as follows:

"It shall be unlawful for any person or persons, as defined herein, to engage in business as herein defined, under a fictitious name as herein defined, without and unless said fictitious name shall be registered with the clerk of the circuit court of the county where the principal place of business is, which registration shall consist of filing with the clerk aforesaid an affidavit signed by all interested persons, stating under oath the names of all those interested in the business enterprise, the extent of the interest of each, and the fictitious name under which said business is carried on. Said registration may not be made until the person or persons desiring to engage in business under a fictitious name shall have advertised his or their intention to register said fictitious name at least once a week for four (4) consecutive weeks in some newspaper as defined by law in the county where said registration is to be made, and said registration shall not be accepted by the clerk of the circuit court except upon receiving proof of such publication."

Mr. and Mrs. Walter Charles Raulerson (Dorothy Clark) of Indiantown announce the birth of a son, Douglas Charles, at the Everglades Memorial Hospital, Sept. 2.

Mr. and Mrs. Otis Woods (Francis Dixon) of Pahokee announce the birth of a daughter, Francis Faye, at the Everglades Hospital, Aug. 27.

Week End Holiday Toll Is 20 Dead

Automobile accidents and other mishaps killed 20 persons in Florida during the long Labor Day weekend.

Fifteen were killed in automobile accidents, one person drowned and four others died in miscellaneous accidents.

Most unusual accident occurred at the Hialeah Speedway Monday night when the wheel of a racing car came off, spun over a 10-foot chain wire safety fence and crashed into a group of spectators.

John Pilleteri, 18, was fatally injured and his companion, Walter Wertz, 15, was badly hurt by the flying wheel. Driver for the car, Dave Nicks, 22, escaped injury.

HOUSE PARTY

Fifteen members of the Pahokee Assembly, Order of Rainbow for Girls, enjoyed a recent house party at the Seaside Inn in Daytona Beach. The group was accompanied by Mrs. Florence Kuen, mother advisor, and Mrs. Hazel Spooner.

The Sunshine State Parkway is popular with tourists. In July 300,758 vehicles carrying nearly a million passengers used the turnpike. These compared with a June record of 272,863 vehicles carrying 818,589 people.

WOULD BORROW CASH

WASHINGTON — The Atlantic Coast Line Railroad last week asked the Interstate Commerce Commission for permission to borrow \$13,500,000 to build a new headquarters building in Jacksonville. The railroad is moving its main offices from Wilmington, N. C. to Jacksonville in the near future.

The loan would be secured by ACL general mortgage bonds and would mature Dec. 31, 1960, bearing 5.25 per cent interest.

American Can Co. says half of the nation's fluid milk goes to market in paper containers. Approximately 93 per cent of all milk sold through retail stores in packaged in paper.

Homemakers are finding new interest in the daily. Quarry tile is ideal, for both practical and decorative purposes. It is durable, acid-resistant, burn-proof and virtually impervious to stains.

The first coil processing line in the can manufacturing industry has been put into operation by American Can Company in their Tampa plant. Cans are made directly from coils of tinplate without the metal first being cut into sheets.

The popular movie, "Naked in the Sun" was produced and filmed entirely in Florida by Empire Studios in Orlando.

The Florida Development Commission gave away over eight thousand gallons of orange juice during the first half of this year at the six, welcome stations maintained on highways leading into the state.

PRINTING
OF QUALITY

a castle in the air costs nothing
—but you can't live in it!

Make your dream house come true! It's easy
—through Payroll Savings!

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving automatically—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U. S. Series E Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative semiannually when held to maturity

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.95 cash. In 9 years, 8 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

* * *

If you want your interest at current income, ask your bank about Series H Bonds, which pay dividends annually by Treasury check.

Choose your own savings goal

	If you want approximately		
	\$5,000	\$10,000	\$25,000
Each week for 9 years and 8 months, about.....	\$4.00	\$10.75	\$40.00
Each week for 19 years and 8 months, about.....	\$2.75	\$7.00	\$10.75

This chart shows only a few typical examples of savings goals and the amounts that can be saved through Payroll Savings. Remember, you can save for almost any goal through Payroll Savings. For more information on this plan, ask your pay office or write to the U. S. Treasury Department, Washington, D. C.

Christian Science Group Of Canal Point

Man's responsibility for demonstrating divine healing power will be brought out at Christian Science services Sunday in the Lesson-Sermon entitled "Christ Jesus."

Readings from the King James Version of the Bible will include the account in Luke of Jesus' healing of Peter's mother-in-law (4:39): "And he stood over her, and rebuked the fever; and it left her; and immediately she arose and ministered unto them."

Correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following (25:22-26): "Though demonstrating his control over sin and disease, the great Teacher by no means relieved others from giving the requisite proofs of their own piety. He worked for their guidance, that they might demonstrate this power as he did and understand its divine Principle."

WSCS Group Will Hold Seminar

The Woman's Society of Christian Service of the Pahokee First Methodist Church at the September meeting in the church Tuesday afternoon made plans for the WSCS District Seminar to be held in Pahokee Thursday, Sept. 12, starting at 9:30 a. m.

Mrs. Duncan Padgett, vice president, who presided in the absence of the president, Mrs. E. A. Jensen, named Mrs. John A. Dulaney as general chairman to serve as coordinator of the various circle committee chairmen who have been appointed to assist at hostesses in the arrangements for the seminar. The luncheon will be under the direction of Mrs. Robert Apegren, hospitality chairman of the Pahokee WSCS.

Mrs. Lloyd Hundley, spiritual life secretary, announced the Pahokee WSCS will conduct special

programs in observance of Week of Prayer, Oct. 25-31.

Mrs. James W. Vann, children's work secretary, reported on the successful Vacation Church School sponsored by the WSCS Aug. 5-14.

It was announced the weekly prayer circle will be held at the home of Mrs. Leon Spooner 4 p. m., Sept. 10. Mrs. Hundley was in charge of the devotionals.

Pahokee PTA Will Meet Monday Eve

The Pahokee P. T. A. will meet Monday night September 9th at 8:00 P. M. in the High School auditorium. There will be reception for the teachers. The public is cordially invited to attend.

At 7:00 P. M. Monday night preceding the regular meeting the executive committee will meet at the school. All board members are urged to be present.

PRE-BUILT BRIDGE SPANS AID LOCAL ROAD BUILDERS

Abutments from existing bridges help cut costs with new precast spans.

EDITOR'S NOTE: A previous article in this series described the major role assigned to precast concrete bridge spans in the National Highway Program. This new type construction also has a strong application in local conditions.

The precast method of bridge building has been embraced by county, township and city highway officials.

Besides saving in cost, use of precast concrete spans helps overcome a shortage of engineering personnel.

Often, street and highway superintendents do not have the drafting departments required for the structural design of bridges. Their departments, are, however, quite capable of providing abutments and piers—all the structure that's needed in the precast bridge deck method.

Plants like those of American-Marietta Company turn out precast and pretensioned concrete spans to order. They are produced in lengths up to 100 feet.

The combination of concrete reinforced with steel cables increases strength and reduces weight. That means reduced expense to builders.

Leading universities joined with industry in development of precast concrete methods, and now technicians from the supplier plants provide engineering assistance to highway departments.

Load distribution tests were made on a bridge in Centerport, Penn., after two years' service. The tests, under direction of Lehigh University, Pennsylvania State Highway Department, and Federal Bureau of Public Roads, showed that American-Marietta's shear-key construction between adjacent spans resulted in load transfers far beyond any existing design requirements.

Local highway departments have found precast spans versatile in their application. At Wilkes-Barre, Penn. a single-span bridge was erected on existing abutments in less than half a day.

Besides economy, time-savings, and ease of installation, advantages of the precast bridge spans include:

—Low center of gravity. They are placed side-by-side without elaborate rocker systems.

—Provision for carrying utility lines through the length of the spans.

—Minimum depth-to-span, providing more clearance below, or reduced height in the bridge, with resultant economies.

—Smooth bottom with attractive ceiling for overpass structures. Smooth underside will not catch flood debris that destroys bridges of other types.

—Easy to widen. This can be done simply by adding additional members.

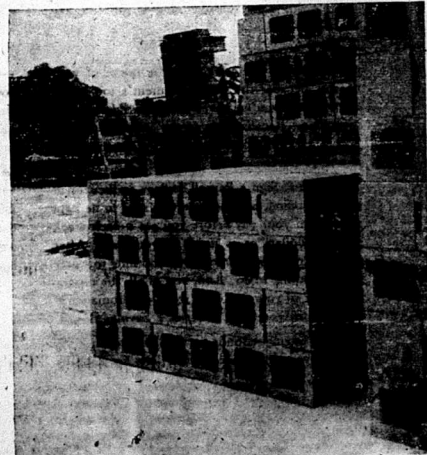

—Rapid completion. On overpasses, traffic on the lower level need be interrupted only for short periods while the precast beams are placed.

—Salvageable. If relocation is required, spans can be removed and used at another location.

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.57 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid
your interest as current income—
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$30,000.

Now even better! Invest more in Savings Bonds!

Mr. and Mrs. Hugh Graham Miller, III, were married at the First Methodist Church in Pahokee Sunday afternoon, Aug. 25, the candle-light, double ring ceremony taking place at 4 o'clock with the Rev. James E. Statham of Miami, a former pastor of the church, officiating.

Mrs. Miller, the former Phoebe Anne Ramey, is the daughter of Mr. and Mrs. George B. Ramey of Pahokee and Mr. Miller is the son of Mr. and Mrs. Hugh G. Miller, Jr., of Shelby, N. C.

They are now at their home in the Tripp Apartments, Boone, N. C., where both plan to enroll at Appalachian State Teachers College. Mr. Miller will receive a BS degree in business administration from ASTC later this year at the end of the fall quarter. Mrs. Miller is a Junior at the college.

Farmers To Elect ASC Group Sept. 26

Ballots for the ASC Community elections were mailed August 30th and 31st to all farmers in the county. Five names are to be selected from the list of 10 nominees which were nominated by the nominating committee on August 23rd. Space is provided on ballots for write-ins of eligible farmers. Ballots must be postmarked or delivered personally to the ASC office not later than September 10th.

Eligible voter who do not receive ballots in mail should contact the ASC office in Mounts building on N. Military Trail or Sanders building in Belle Glade.

Nominees selected by the nominating committee will appear in the ballots as follows:

Pahokee-Canal Point Community
Lester Armour, Jr., Canal Point
H. Grady Boynton, Canal Point
Louis Davis, Pahokee
Milton Douglas, Pahokee
Lewis Friend, Pahokee
E. J. Graham, Pahokee

4,241 Persons In Co. Get Welfare Help

Thomas E. Penick, Chairman of District 10 Welfare Board of the State Department of Public Welfare, reported that in Palm Beach County 4,241 persons were assisted in the four categories of public assistance for the month of August.

A total of 1601 persons received Old Age Assistance in the amount of \$81,363.00. 79 persons received Aid to the Blind, totaling \$4,464. 618 families, representing 1927 children, received Aid to Dependent Children in the amount of \$38,651. 103 persons received Aid to the Disabled in the amount of \$5,680.50.

In addition 130 children received service during the month, 60 of whom were in foster homes. The total state and local cost for these child welfare services was \$4,023.93.

There were 5 adoption petitions studied for the Circuit Court. These are children placed in homes independent of service through a licensed child placement agency, and the Welfare Board is responsible according to law to make these reports to the court.

Palm Beach County is also represented on the District 10 Welfare Board by Mrs. Doris Sasser, Pahokee; Mrs. Helen R. Tedder, Mrs. Helen D. Woodward and the Rev. Paul M. Cassen, West Palm Beach.

Stewarts Called By Mother's Death

Mrs. Charles D. Stewart, wife of the pastor of the Canal Point Baptist church, is spending several weeks with her son-in-law and daughter, Mr. and Mrs. Martin Stewart in Nashville, Tenn. Rev. and Mrs. Stewart were called to Macon, Georgia last week on account of serious illness and death of Mrs. Stewart's mother, Mrs. A. R. Norris. Mrs. Norris passed away Friday. Funeral services were held Sunday afternoon in Franklin, Georgia and burial was in Greenville, Georgia. Mrs. Norris has made her home with Rev. and Mrs. Stewart for several years.

The Florida Farm Bureau Federation has announced plans for a fiveyear membership campaign which they hope will enroll every farmer in the state.

Seek Court Order To Restrain Sale

A petition asking the court to order a sale of his interest in a mortgage on 5,500 acres of Okeechobee County acreage was filed Tuesday against Hubie Boree, Belle Glade cattleman.

A decree was entered against Boree awarding \$21,866 to a group headed by A. F. Crows, Sr., in a suit last May, according to the petition filed by Crows.

The decree is still unsatisfied, Crows said.

In his petition for supplementary proceedings Tuesday Crows asked that Boree be restrained from selling his interest in a mortgage on the Okeechobee County property, that a lien be placed on the property and that the court order the sale of Boree's interest in the mortgage to satisfy the judgment.—Palm Beach Post.

STORK SHOWER

The home of Mr. and Mrs. Duncan Padgett was the scene Tuesday night of a stork shower in compliment to Mrs. Billy Ray Evans of Belle Glade. Hostesses were Mrs. Calvin Padgett, Mrs. Charles Sears, Mrs. Ronnie Faye Peacock, Miss Frances Wilson and Miss Carol Carpenter.
